

AVerMedia 4 EYES Pro

CCTV Video Security DVR System (Windows-based)

AVerMedia 4 EYES Pro, stackable video capture card (up to 4 cards), works as the real time digital video recording solution and allows you to capture true color images and videos from 4 up to 16 cameras simultaneously (cameras not included). With the latest Motion Detection technology, once any movement is detected in the monitoring area, AVerMedia 4 EYES Pro automatically starts recording and triggers the alarm.

FEATURES:

- Display Rate (Total): See chart below
- Recording Rate (Total): See chart below
- O/S Support: Microsoft Windows® 98SE, Windows® Me, Windows® 2000, and Windows® XP
- Upgradeable from 4 cameras to 16 cameras
- Support Pan/Tilt/Zoom cameras
- Alert on event (Sensor/Relay/Motion Detection). Configurable for each camera
- Multi-tasking: Simultaneous monitoring, recording, playback, and remote monitoring
- Display Mode: Auto scan with full screen display under 1/4/9/12/16 cameras display mode
- Video Search: Sort recorded files by year, month, date, hour, minute, and second. Files can be played consecutively
